2023 KVH ANNUAL MEETING

GRIFFIN GATE MARRIOTT | 1800 NEWTOWN PIKE, LEXINGTON KY
DECEMBER 5, 2023

9:30AM REGISTRATION AND COFFEE

10:00AM WELCOME

10:15AM STATE UPDATES: Medicaid Renewals, Community Health Worker (CHW) Reimbursement, and Expanded Services for Dental, Vision, and Hearing

Medicaid renewals have resumed for the first time in three years for more than 1.7 million Kentuckians at the same time that important new services are being covered. This session will provide updates on the Medicaid renewal process, ongoing efforts to keep Kentuckians covered, and the implementation of new regulations to cover more comprehensive services to improve the health of Kentuckians.

- Lisa Lee, Commissioner of the Kentucky Department for Medicaid Services

10:45AM LEARNING FROM KENTUCKIANS: New Research on the Impact of Medicaid During Crisis and Recovery

Kentucky’s public assistance programs have been a critical part of the pandemic response and recovery. Researchers will share findings from their work in exploring how public assistance programs are working for Kentuckians and the impact of Medicaid in terms of health outcomes, the pandemic, our economy, and rural health.

- Dr. Jamila Michener, Associate Professor and Co-Director of the Cornell Center for Health Equity
- Dr. Joseph Benitez, Assistant Professor, College of Public Health, University of Kentucky

12:00PM NETWORKING LUNCH

1:00PM KVH UPDATES

1:15PM LISTENING TO KENTUCKIANS Who Have Received Life Changing Dental, Vision, and Hearing Services

New Medicaid regulations have provided coverage for comprehensive dental, vision, and hearing services to nearly 900,000 Kentucky adults, including eye glasses, dentures, root canals, hearing aids, and more. Panelists will share their personal experiences with accessing life-changing care that was previously out of reach and will discuss policy opportunities to support better health and economic outcomes for workers and families.

- Panelists will be announced soon

DESCRIPTION

KVH’s annual meeting brings together stakeholders from across the Commonwealth to explore opportunities to improve the health and wellbeing of all Kentuckians. Sessions will touch on the ways in which state policies can be designed to improve access to affordable healthcare without barriers, fix the benefits cliff, build an equitable community safety net, promote civic engagement, and prepare for the 2024 General Assembly.

AUDIENCE

Health advocates, consumers, community leaders, policymakers, public employees, nonprofit organizations, frontline service providers, outreach workers, educators, researchers, faith leaders, and others who serve their communities.
