ABOUT US

ThriveKY is a coalition pursuing systemic change to meet the basic needs of every Kentuckian. Many Kentuckians are simply a lost job, reduced work hours, a new baby, an accident or an illness away from needing safety net programs like Medicaid, SNAP or TANF. That's why we call it a safety net – it catches people so they don't fall through the cracks. Maintaining a strong safety net honors the dignity of every Kentuckian, and provides the foundation we need to thrive as a commonwealth. ThriveKY advocates for evidence-based policies that level the playing field to ensure all Kentuckians have access to the programs, supports, and resources they need to thrive.

NOW WITH 30 MORE MINUTES FOR DISCUSSION!

Join us for updates on state and federal policies that impact the health and wellbeing of Kentuckians and share about how you're seeing these changes impact your community. Speakers will train about how to advocate for a stronger safety net through public assistance programs designed to support thriving communities.

These sessions will cover:

- Important state and federal policy updates on programs and policies that help people meet their basic needs, such as Medicaid, SNAP, and housing resources.
- Advocacy tools to build the skills and confidence needed to become a community advocate for an issue you care about.
- Discussion about your work in the community and challenges you face serving your clients.
